“The Fulbright Program aims to bring a little more knowledge, a little more reason, and a little more compassion into world affairs, and thereby increase the chance that nations will learn at last to live in peace and friendship.”

- Senator J. William Fulbright

What is the Fulbright Program?

THE FULBRIGHT PROGRAM

The Fulbright Program was established in 1946 in the aftermath of WWII as an initiative of Senator J. William Fulbright of Arkansas, who believed that a program of educational and cultural exchange between the people of the United States and those of other nations could play an important role in building lasting world peace.

The purpose of the program is “to enable the government of the United States to increase mutual understanding between the people of the United States and the people of the other countries.” Grants are made to U.S. citizens and nationals of other countries for a variety of educational activities, primarily university teaching, advanced research, graduate studies, non-academic professional programs in specified fields, and language teaching.

Since 1946, approximately 370,000 talented people worldwide have been awarded Fulbright Scholarships. It is now the largest and one of the most prestigious, educational scholarship programs in the world and operates between the U.S. and more than 160 countries. There are 59 Nobel Laureates and 84 Pulitzer Prize winners who were Fulbright Grantees.

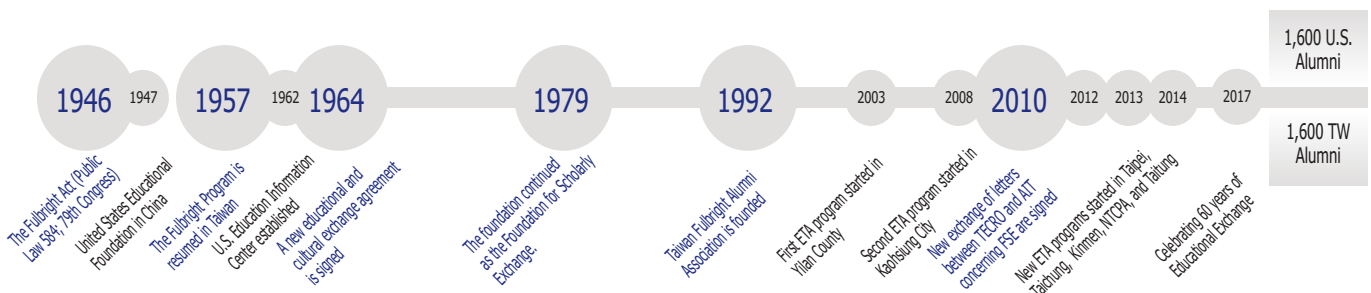

THE FOUNDATION FOR SCHOLARLY EXCHANGE

The Foundation for Scholarly Exchange (Fulbright Taiwan), supported by the American Institute in Taiwan (AIT), Taiwan’s Ministry of Education (MOE), and Ministry of Foreign Affairs (MOFA), is one of the 49 bilateral organizations in the world established specifically to administer the Fulbright educational exchange program. The other 100+ bilateral Fulbright programs are administered by U.S. embassies.

Over the past 60+ years, the Foundation has financed over 1600 Taiwan grantees to the U.S. and more than 1400 U.S. grantees to Taiwan. In 1962, the Foundation began the U.S. Education Information Center providing Taiwan students with information about studying in the U.S. Starting in 2003 with 8 teachers, the Foundation began cooperating with Yilan County Government in the Fulbright English Teaching Assistant (ETA) project. Over 15 years, the partnerships have extended to Kaohsiung City, Kinmen County, Taichung City, Taipei City, NTCPA, Taitung County, Hualien County, and Changhua County. In 2018, 113 Fulbright ETAs serve in local schools.

Starting in 2014, the Foundation developed its first strategic partners with the private sector and universities. The Formosa Plastics Group instituted a joint scholarship to support Taiwanese Scholars and Professionals in Early Intervention and Geriatric Health Promotion and provided financial support for Taitung ETAs. The Taiwan Cement Corporation joined in 2018 to support the ETA program. New MA and PhD scholarships for Americans were instituted with National Taiwan University, National Chengchi University, National Cheng Kung University, and National Taiwan Normal University.

In 2017, the foundation celebrated the “60 Years of Educational Exchange” with a Fulbright Thought Leader Forum on the theme of “Leadership Challenge: Equity, Ethics, and Globalization.” In addition, the Ministry of Culture also instituted a joint scholarship to support Taiwanese Professionals in Arts Administration, Policy Research and Development, International Marketing in Art and Culture, and Copyright Policy Studies in Art and Culture. In all, up to 226 places are now available for US and Taiwan grantees.

WELCOME MESSAGE FROM US DEPARTMENT OF STATE

United States Department of State

Washington, D.C. 20520

March 2019

Dear Fulbrighters,

Greetings and welcome! We are excited to gather together in Taiwan for this Fulbright enrichment workshop “Fulbright in East Asia and the Pacific.” The U.S. Department of State is proud to sponsor the worldwide Fulbright program, which totals more than 7,000 participants annually in more than 160 countries. In the East Asia and the Pacific (EAP) region, each year we have more than 1,500 Fulbrighters either traveling to the United States from EAP or spending their Fulbright in an EAP country.

While I say “Fulbright”, as you know, there are many different categories within that broad name, mainly the U.S. Student, Foreign Student, U.S. Scholar, and Visiting Scholar programs. Within the U.S. Student category, the English Teaching Assistant (ETA) program is the largest. This important component of the Fulbright program is relatively new, dynamic and growing worldwide. For these reasons, the Bureau of Educational and Cultural Affairs (ECA) is hosting this workshop for select ETAs, Students, and Scholars from across the region. In EAP there are more than 400 ETAs, teaching English in Indonesia, Laos, Macau, Malaysia, Mongolia, South Korea, Taiwan, Thailand, Vietnam and for the first time this year, Timor-Leste. For this workshop, close to 150 ETAs will also be joined by nearly 40 Students and Scholars from several of the countries listed above as well as Australia, Burma, Cambodia, China, Japan, New Zealand, the Philippines, and Singapore.

Given the range of countries represented, we view this workshop as a unique opportunity. This will be a chance to share experiences of working, conducting research, teaching and living in different countries across a vast and wildly differing region. We hope that this will be an opportunity to:

- dive into some of the shared challenges (and joys!) of being an American living in EAP
- gain insights and new ideas on teaching English
- learn of cutting edge research being conducted by Fulbright Students and Scholars
- explore professional development opportunities and career paths
- meet as many Fulbrighters as possible
- provide valuable feedback on how to strengthen the Fulbright Program going forward
- experience and learn about Taiwan

This workshop would not be possible without the tireless efforts of the Foundation for Scholarly Exchange (FSE), the Fulbright Commission in Taiwan. They work in close partnership with the State Department, including the American Institute in Taiwan and ECA in Washington. Be sure to thank FSE staff for their hard work on putting the program and all of the logistics together!

This is the first workshop that brings together U.S. Fulbrighters from all EAP countries and we are counting on you to be engaged participants and contributors throughout the coming days. The Fulbright network is strong, and we anticipate its strength will be on full display in Taiwan!

Warm regards,

Fulbright Grantees,

Welcome to Taipei and the EAP Regional Fulbright Workshop. The vision of Fulbright Taiwan is “a world with a little more knowledge and a little less conflict.” More knowledge is closely related to your teaching and/or research. Less Conflict is what we hope happens as you learn another culture, transmit your understanding of American culture (which is hopefully enriched by the encounter), and then take back to America a better understanding of a very important part of the world.

We expect that the Fulbright year will be one of small triumphs and personal struggles, of joy and sadness, of challenge and opportunity, and mostly of growth. Only by risking and going beyond your comfort zone do you also get the chance to develop new skills and perspectives. We know this is a time for that change, and we hope it culminates in constructive development. It did for me and for most of the Fulbright Taiwan staff, and we wish you the same sense of accomplishment.

We also hope the Workshop contributes and promotes our mission, which is to: Build Knowledge, Exchange Cultures, Bridge Communities, Change Lives, and Symbolize Taiwanese-American friendship.

Finally, “beautiful island” and “rich heritage” are minimal descriptions of Taiwan. There are few places in the world where Americans are more liked and America is more respected. We urge you to see as much and enjoy as much as you can in the brief time here. We are genuinely pleased that you have joined us, and wish you a wonderful stay.

Sincerely,

William C. Vocke, Jr. Ph.D.
Executive Director, Fulbright Taiwan (The Foundation for Scholarly Exchange – FSE)
